### ABOUT ME

Motivated Information Technology professional with a comprehensive foundation in software development, network administration, and database management. Skilled in web development technologies including HTML, CSS, JavaScript, Bootstrap, and Tailwind CSS. Proficient in programming languages Java and JavaScript, with hands-on experience in MySQL database management.

Passionate about creating innovative, user-centric software solutions and eager to leverage my technical expertise in a dynamic professional environment. Seeking opportunities to apply my skills in software development, contribute to cutting-edge technological projects, and continue growing my professional capabilities in the IT sector.

### PROFESSIONAL SKILLS

#### Technical skills

- Web Development: HTML, CSS, JavaScript
- Programming Languages: JavaScript, Java
- Frameworks: Bootstrap, Tailwind CSS
- Database: MySQL
- Software Development: Responsive website design, database management

#### Soft skills

- Collaboration
- Communication (written and oral)
- Time management
- Problem-solving
- Adaptability
- Continuous learning

### WORK EXPERIENCE

#### IT ATTACHEE

SEPT 2024 - DEC 2024

##### ICT AUTHORITY

- - Expanded web development knowledge by learning WordPress, exploring content management systems, and understanding website design principles
- - Developed technical skills in website maintenance, learning about performance optimization and user experience design
- - Gained hands-on experience in data analysis, learning Excel techniques for extracting meaningful insights
- - Enhanced collaborative skills by working across different teams, learning about interdepartmental communication and project management approaches

### ACHIEVEMENTS

- Developed two responsive e-commerce websites utilizing HTML, CSS and JavaScript.
- Designed and developed a school results management system using Java and MySQL.
- Created a responsive personal portfolio website showcasing projects and technical skills.
- Successfully analyzed and visualized datasets using Excel, leading to improved decision-making processes.

### EDUCATION AND CERTIFICATION

#### BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY

( Sept 2021 - Nov 2024 )

KCA university

The four-year course has provided me with a comprehensive foundation across critical IT domains, including software development, network administration, and database management, equipping me with a holistic understanding of technological ecosystems

#### SOFTWARE DEVELOPMENT CERTIFICATION

( 2023 )

PLP Academy

Undertook an 8 week software development course where I gained extensive skills in the field of software development including web development, database management and computer essentials.

#### CYBERSECURITY AND EMERGING TECHNOLOGIES AWARENESS TRAINING CERTIFICATION

( 2024 )

ICT Authority, Kenya

I gained extensive knowledge in cybersecurity and emerging technologies through the Training, which was offered by ICT Authority, Kenya in partnership with IBM. This enhancing my skills in modern cybersecurity and emerging technologies.
